

## 8 Great Tips for Parents/Guardians to Help Students with Exploring the Discovery Education Science TECHBOOK

### Using Science TECHBOOK Resources

- Review completed assessments and assignments with your child.
- Review science vocabulary using the interactive glossary. Ask your child to explain the animation.
- Make a connection to current events by searching for a video on a newsworthy topic like extreme weather.
- Reinforce literacy skills by using reading passages for nightly reading with your child.
- Inspire your child's curiosity by searching for a topic that interests you.

- Allow your child to show what they have learned in class with a virtual lab or exploration.
- Bust myths with your child using the Mythbusters video segments and the student peer review sheet.
- Ask your child what they are studying in class. Search the topic and browse the resources to build on their class experience.
