MealpayPlus provides convenience and information to manage school meal accounts. At no additional cost, families may use the unique code that has been provided for each student to check on your student's lunch account balance.

Parents have two options for applying money in a student account.

First, for a small program fee, Mealpay Plus also allows any family to make a prepayment into your student's meal account using a check, credit card, or debit card at www.mealpayplus.com or by calling 866-662-3382. This feature eliminates the need to send a check to school or worry about lost or forgotten lunch money.

Or second, if you prefer, you may send cash or check payment to school, at no additional charge, with the Lunch Accounting Form located at the end of the weekly newsletter. You may send payment for a month or more of lunches.

Please keep this calendar posted at home and keep track of which days your child will pack a lunch or eat hot lunch.

Lunches do not need to be ordered in advance. However, in the classroom each morning, students will be asked who is purchasing a hot lunch and if an extra entrée is desired. This daily count will allow the cafeteria staff to prepare an adequate number of meals.
