**Our Mission: To Teach, Love, Live and Learn as Jesus Did**

**Our Vision: Share Faith, Serve Others, Seek Knowledge**

As a school community, during the month of March, we Work from the Heart with Strength. The virtue of fortitude, strength, is the armor that guards our soul's deep desire to love God and to serve Him, even if martyrdom should be the cost. When we read the lives of the martyrs we are amazed at their calmness and courage in confronting suffering and death: God's power is fully expressed in weakness, in the poverty of those who entrust themselves to him and place their hope in him alone. During this Lenten season, we can entrust ourselves in God and place our hope in Him!

*"... but he said to me, 'My grace is sufficient for you for power is made perfect in weakness.' I will rather boast most gladly of my weaknesses, in order that the power of Christ may dwell with me. Therefore, I am content with weaknesses, insults, hardships, persecutions, and constraints, for the sake of Christ; for when I am weak, then I am strong." 2 Corinthians 12:9-10*

Dear Parents and Students,

I hope this newsletter finds you well in spirit and in health. As you would suspect, we continue to monitor and prepare for the spread of the Coronavirus, or COVID-19. School Superintendents met with the County Health Commissioner yesterday to share information regarding preventative steps, the formulation of school system plans, answering questions, and sharing access to resources if the situation reaches crisis level in our area. As we move forward, I will continue to communicate any new plans or procedures to all of you in a timely fashion. We continue to sanitize high touch areas throughout the school day, encourage coughing and sneezing into elbows and tissues, stress frequent and vigorous hand washing, and promote the use of hand sanitizer. Also, if a child is ill, please keep them home to convalesce and better return healthy and rested. Thank you for your patience and cooperation as we all deal with this at home, work, and school. I have included some general information from the CDC later in the newsletter, which may be helpful.

Finally, thank you for your children. They are gifts and we are blessed to have them here at St. Charles. At last Friday's all-school Mass, Fr. Tom had a brief, but memorable message. As the Gospel spoke about fasting, Fr. Tom made the point that, yes, fasting can be very beneficial, and if conducted with pure intentions, God appreciates the effort. BUT, before we focus too much on that, God would rather we examine our hearts and work to clean up those areas first. Maybe we need to do a better job listening to our parents, spouses, or children. Stop arguing with siblings, or raging about politics. Reach out to an old friend or lonely neighbor or relative. Limit our cell phone or TV time and use the time to be more helpful at work or around the house. And always more prayer and more care. Work with and for the people around us, and then take another step of focusing on fasting and deeper prayer. Nice! Thanks - Rob S.

**What is coronavirus disease 2019 (COVID-19)?** - Coronavirus disease 2019 (COVID-19) is a respiratory illness that can spread from person to person. The virus that causes COVID-19 is a novel coronavirus that was first identified during an investigation into an outbreak in Wuhan, China.

**How does COVID-19 spread?** - The virus that causes COVID-19 probably emerged from an animal source, but now it seems to be spreading from person to person. It's important to note that person-to-person spread can happen on a continuum. Some diseases are highly contagious (like measles), while other diseases are less so. At this time, it's unclear how easily or sustainably the virus that causes COVID-19 is spreading between people. Learn what is known about the spread of newly emerged coronaviruses at <https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html>.

**What are the symptoms of COVID-19?** - Patients with COVID-19 have had mild to severe respiratory illness with symptoms of

- fever
- cough
- shortness of breath

**What are severe complications from this virus?** - Many patients have pneumonia in both lungs.

**How can I help protect myself?** - The best way to prevent infection is to avoid being exposed to the virus that causes COVID-19.

**Simple everyday preventive actions to help prevent the spread of respiratory viruses includes:**

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.

**If you are sick, to keep from spreading respiratory illness to others, you should:**

- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

**What should I do if I recently traveled and got sick?** - If you were traveling within the past 14 days and feel sick with fever, cough, or difficulty breathing, you should seek medical care. Call the office of your health care provider before you go, and tell them about your travel and your symptoms. They will give you instructions on how to get care without exposing other people to your illness. While sick, avoid contact with people, don't go out and delay any travel to reduce the possibility of spreading illness to others.

**Is there a vaccine?** - There is currently no vaccine to protect against COVID-19. The best way to prevent infection is to avoid being exposed to the virus that causes COVID-19.

**Is there a treatment?** - There is no specific antiviral treatment for COVID-19. People with COVID-19 can seek medical care to help relieve symptoms.

**If you are sick with COVID-19 or suspect you are infected with the virus that causes COVID-19, follow the steps below to help prevent the disease from spreading to people in your home and community.**

**Stay home except to get medical care** - You should restrict activities outside your home, except for getting medical care. Do not go to work, school, or public areas. Avoid using public transportation, ride-sharing, or taxis.

**Separate yourself from other people and animals in your home** **People:** - As much as possible, you should stay in a specific room and away from other people in your home. Also, you should use a separate bathroom, if available.

**Animals:** Do not handle pets or other animals while sick. See [COVID-19 and Animals](#) for more information.

**Call ahead before visiting your doctor** - If you have a medical appointment, call the healthcare provider & tell them that you have or may have COVID-19. This will help the healthcare provider's office take steps to keep other people from getting infected or exposed.

**Wear a facemask** - You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) or pets and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then people who live with you should not stay in the same room with you, or they should wear a facemask if they enter your room.

**Cover your coughs and sneezes** - Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in a lined trash can; immediately wash your hand with soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60 to 95% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty.

**Avoid sharing personal household items** - You should not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people or pets in your home. After using these items, they should be washed thoroughly with soap and water.

**Clean your hands often** - Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty. Avoid touching your eyes, nose, and mouth with unwashed hands.

**Clean all "high-touch" surfaces every day** - High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and besides tables. Also, clean any surfaces that may have blood, stool or body fluids on them. Use a household cleaning spray or wipe, according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.

**Monitor your symptoms** - Monitor your symptoms. Seek prompt medical attention if your illness is worsening (e.g., difficulty breathing). Before seeking care, call your healthcare provider and tell them that you have, or are being evaluated for COVID-19. Put on a facemask before you enter the facility. These steps will help the healthcare provider's office to keep other people in the office or waiting room from getting infected or exposed.

Ask your healthcare provider to call the local or state health department. Persons who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by their local health department or occupational health professionals, as appropriate.

If you have a medical emergency and need to call 911, notify the dispatch personnel that you have, or are being evaluated for COVID-19. If possible, put on a facemask before emergency medical services arrive.

**Discontinuing home isolation** - Patients with confirmed COVID-19 should remain under home isolation precautions until the risk of secondary transmission to others is thought to be low. The decision to discontinue home isolation precautions should be made on a case-by-case basis, in consultation with healthcare providers and state and local health departments.

Please pay in advance by March 11, to guarantee a flower for your daughter.

## Borromeo Bash 2020

What a success! We want to thank the entire parish and school community for your support of Borromeo Bash 2020 held on February 1 at Ceruti's. There were 480 guests at this sold-out event, and over \$80,000 was raised to be used for security and technology updates throughout the school including security cameras, key card door scanners, and teachers' computers. With the money that we raised over our goal, we have ensured that these projects will be fully funded and completed before the start of the 2020-2021 school year. All students and staff at St. Charles are impacted by this investment in their safety and education.

Through the generous support of our caring parish, the school accomplishes the mission "to teach, love, live, and learn as Jesus did." Thank you again for your attendance, donations, sponsorships, and prayers. We hope to see you at the next Borromeo Bash on February 6, 2021. -2020 Borromeo Bash Planning Committee

## GIRLS ON THE RUN

Register now for the 2020 Spring Season of GIRLS ON THE RUN! This 10-week program encourages girls in 3rd-5th grade to establish healthy lifestyles, set goals, and build confidence. ## Change Lives Through Indiana's Safe Haven Law

In Indiana, people can anonymously [surrender newborns](#) without fear of arrest or prosecution. As long as there are no signs of child abuse, information is not required of those leaving infants who are less than 30 days of age with emergency service providers or in a Safe Haven Baby Box.

Safe Haven Baby Boxes, which are allowed through a [law](#) I co-authored in 2015, can be installed on an exterior wall of a fire station or hospital. The door automatically locks when a newborn is placed inside, which is temperature regulated and equipped with a silent alert system to notify nearby staff that a baby has been surrendered.

There are [21 baby box locations](#) <http://www.des05.com/t/39073395/1456975733/83182884/0/60330/?x=c6d252f1> in Indiana. Since 2015, there has not been a single baby die by abandonment in our state. In February, a healthy newborn was surrendered in New Haven. This baby is the sixth to be surrendered in a baby box under full anonymity.

Now it's up to all of us to help [spread the word](#) <http://www.des05.com/t/39073395/1456975733/83182885/0/60330/?x=7c71db0a> about this law and the use of baby boxes to those in crisis who are unable to care for their newborn. Donations for Safe Haven Baby Boxes can also be made [here](#).

If you or someone you know is considering surrendering a newborn, there are trained professionals who can be reached at any time by calling 1-866-99BABY1. Click [here](#) to learn more.

## BOX TOP FOR EDUCATION CONTEST

The Spring 2020 Box Tops Contest concluded last week, and we collected over 3,600 Box Tops. The first place winner was Mrs. Bullerman's class in 6-20 and they will be rewarded with a pizza party and dress down day. Mrs. Thomas's class in 3-11 was our second place winner and will receive an ice cream treat and a dress down day. Mrs. Wilson's class in 3-9 was the third place winner and will receive a dress down day. Thank you to all the volunteers who helped with the counting and trimming of Box Tops these past 4 weeks: Theresa Cornewell, Erin Morris, Judy Smith, and Emily Walden. Please continue to clip and save your Box Tops as the next contest comes up in the fall. Your efforts support Fine Arts activities for all students of Saint Charles.

## Health Career Fair for Kids

## SCRIP NEWS

 **2<sup>nd</sup> Week of Lent** – Hopefully your lent journey is on track. If you have experienced a set-back, don't give up, just start over. There is still a lot of Lent left. Consider using **SCRIP** to help you plan your meatless Fridays.

**Spring Break!** – Spring Break begins at the end of the month. Are you heading south? Don't forget to stock up on gas cards for your trip as well as gift cards to your favorite food stops along the way. Do you plan to grocery shop when you reach your destination? Check out the list of grocery stores in the area and see if you can use **SCRIP** for those purchases. With **SCRIP** you can appreciate a rebate from your trip and earn a nice profit for the parish.

If you are not traveling, look at some of the items in our **"Entertainment"** section of the order form – we have movies, bowling and laser tag merchants that would give you a nice rebate on your **"Spring Break"** activities. Maybe your plans include a shopping spree or just a nice dinner out. Having **SCRIP** gift cards for any of the choices turns your **"Spring Break"** into cash in your pocket. 

**St. Patrick's Day Giveaway** – It's that time of year when everyone is Irish, at least for 24 hours. Well, that includes **Scrip!** That's right, one extra lucky **SCRIP** shopper will win a **"Pot ó Gold"** in honor of our dear St. Patrick. All you have to do for your chance to win this prize is to place an order of **\$100 or more** anytime **March 13 – 16**.

**Last week was a good week for SCRIP!** Thanks to all our shoppers, especially those we haven't seen in a while. Keep up the good work.

## VOLUNTEERS:

**F.A.M.E. Festival** - The FAME Festival is the centerpiece of public student art celebrations. Held every year during the spring, this two-day Festival features: an average of 200 performing groups, 6,000 student paintings, drawings and sculptures; the FAMEous Imaginarium - a hands-on creative arts center, Scavenger Hunt; performances by Visiting Artists; an interactive Instrument Playground and more. Student performances (piano, vocal, dance, and drama) and student art displays, along with workshops featuring guest musicians, dancers, and visual artists, will all be a part of the Fort Wayne FAME Festival, next weekend, on Saturday, March 14, and Sunday, March 15, at the Grand Wayne Center. This year's festival will spotlight Latin America, culminating with the Celebration of Youth Concert on Sunday. This is the 32nd year for a festival of this kind in Fort Wayne. Admission to the festival is \$5 for adults and FREE for children 18 and under. Participation in most of the activities is free of charge.

**Art Projects** will be on display in the main exhibit hall of the Grand Wayne Center. Art boards (#155 and #160) and sculpture garden tables are arranged by school. St. Charles Borromeo School will have a large display of work. The Fine Arts Boosters have paid a school membership fee for us to belong to this organization and the additional fee for our student art work to be displayed. There is not a separate art fair at school; please attend this festival and see the wonderful work of our students!

The **Imaginarium** is a popular part of the festival. This is a make-it, take-it craft area and features theme related projects. It is located in the center of the main exhibit hall.

**Admission** \$5 Adults (cash only) - Children under 18 are FREE

**Time** Saturday, March 14: 9:00 am to 5:00 pm Sunday, March 15: 12 noon to 5:00 pm

## ST. CHARLES BORROMEO CATHOLIC SCHOOL LUNCH ACCOUNTING FORM

Parents can put money into the student's account through your MyPaymentsPlus (formerly MyMealsPlus) online account at [www.mypaymentsplus.com](http://www.mypaymentsplus.com) or by calling 1-877-237-0946 for a small fee. Or, you may send a check with the Lunch Accounting Form below to the school cafeteria. For example, if you have 3 children, send a check for \$90 payable to St. Charles Cafeteria and designate \$30 to each child's account. Each child who will eat hot lunch needs to have money in their meal account. It is recommended to have a minimum of \$14.00 in this account which will pay for five meals. If the student may want additional portions of the main entree, then it is recommended to have a minimum of \$6.00 in the account as well. If you have questions regarding this, you may call the school cafeteria at 969-4028 on school days 8:00-12:30 or the school office at 484-3392.
