6. Special Needs?_____

_____

Special Need examples: Need to back up to John Smith **(D-19)** Maddie(K) and (5th) Jonathon Riley as we carpool on some days, drive separately on others, but use different exits. Please take the time to call **your special need carpool members** to **find out their parking spot** (or at least their row) and **list each other in this special needs section**, so that it is easy to match all families!!!

Remember – we use the children's last names when assigning parking spots (not the parents' last names).
